

These highly prestigious awards are presented in a range of categories covering the whole of the UK tax sector including professional practices of all sizes, specialist firms, and those working in-house or in the public sector.

The judges are carefully selected on the basis of their considerable experience and expertise in relation to their awards category and include leading figures from the tax profession, and beyond.

“We were truly thrilled to again be held by the judges as best firm in our category - in our 21st year and having previously won in 2011. My congratulations go to our team for such a superb achievement. Being determined by a distinguished panel of judges drawn from across the UK tax sector - this adds external credence to our belief that we provide the highest quality of specialist property tax advice to our clients across the UK.”

Alun Oliver FRICS, Co-founder and Managing Director

E³ Consulting was further shortlisted for these awards in 2014, 2015 and 2019 - winning its second award, “*Best Independent Tax Firm*”, in May 2024.
